# THE SYSTEM

**QUALYTENT Premium** boasts easy set up coupled with a solid construction and top quality finish

Sturdy, practical and durable

The elegant aluminium telescopic profiles are durable, light weight, and easy to handle

The innovative folding mechanism allows anybody to put up a **QUALYTENT Premium** tent quickly and easily.

**QUALYTENT Premium** is perfectly suited for any type and size of event, whether outdoor or indoor: public festival or big event, sports or recreational event, company celebration, sales event or trade fair exhibition, private party or festivity.

Available are various models and a range of accessories.

We would be happy to assist you with the creation of your tailor-made folding tent or tent village designed according to your wishes and needs.

All **QUALYTENT Premium** tents are statically certified and are class 1 fire retardant.

The optional anchoring set consists of adjustable tensioning straps and steel pegs.

A **QUALYTENT Premium** tent can be set up in less than **one minute!**

Just **3 steps...**

and you are ready to start using your tent – which comes packed in a practical carry bag.

1

1. Remove the tent from the carry bag. Open the frame by pulling it apart at the points marked "Open".

2

2. Push the tent frame further up.

We manufacture the frames for our **QUALYTENT Premium** tents from extremely durable anodized aluminium profiles.

[01] The tent legs are equipped with aluminium plates offering perfect stability on uneven surfaces.

The corner joints, which come into direct contact with the roof, are fitted with special ABS protectors to protect the fabric.

**QUALYTENT Premium** features a special adjustable roof tensioning system. This allows rainwater to run off better and displays printed images clearly.

Important accessory: anchoring plate; weight:14 kg

3 3. Lock the telescopic bars to the desired length. Finished!

Our **QUALYTENT Premium** tents are subject to stringent quality criteria and manufactured entirely in South Tyrol/Italy. Our technical department guarantees the high quality of the materials used and provides a continuous innovation in all details. We pay special attention to the feedback from our customers, to allow us to meet their needs even better.

# MODULARITY, SIDEWALLS AND COLOURS

**QUALYTENT Premium** tents can be individually fitted with various sidewalls, offering optimal protection from the elements whilst at the same time being the ideal display area for your advertising message.

The extra wide velcro strips ensure that you can easily fasten the sidewalls to the tent. We deliver an optional stabilising bar with the sidewall ensuring that it always stays perfectly tensioned.

The outfit becomes complete with the practical carry bag.

## QUALYTENT Premium offers 11 standard colours.

The roof and walls of **QUALYTENT Premium** consist of a fire retardant polyester fabric 500D - impregnated with a special waterproof substance. We have carefully thought through every detail. The brand name **QUALYTENT** guarantees the high quality and durability of every tent.

**QUALYTENT Premium** sidewall – with optional stabilizing bar.

The bottom of the wall is equipped with an additional PVC mud flap, ensuring that water runs off and mud stays out.
